

## TREE TIE

## Tree ties

Strong elastic ties for young trees.

## **Benefits**

Allows trees and conifers to be secured to planting stakes. The notched system allows it to be adjusted to the size of the stake and the tree. Very strong and elastic for supporting young trees. Long-lasting.

## **Characteristics**

Made of EVA. Various sizes available. European manufacturing.

Ref.	Size.	Color	Material
147237	0,36 m	•	EVA
